I pass to you the news that Lesley is at present in Hereford Hospital. Lesley had a nasty fall on Monday. Frances is not quite sure how Lesley fell but he fell at home and has suffered concussion.

As a result he was admitted to hospital where he is likely to remain until the end of this week. The tests he has undergone have shown no other injury.

I know you will remember Lesley and Frances in your prayers and in your love.

It is a particular sadness that Lesley has had to be in hospital on this day – VE Day – as he is a veteran of WW II – who flew many sorties as a navigator in Wellington bombers. We thank him – and we thank God for him!

With my Christian love
Richard
